

		Weekend		Growth support for controls set up		Growth support for controls analyzed		x Day samples received (must be received before 1pm)												
		Environmental Monitoring Samples																		
Day of week sample is received		M	T	W	T	F	S	S	M	T	W	T	F	S	S	M	T	W	T	F
Single plating method	<1116> no ID's required	X		1st Analysis					2nd analysis	Testing completed										
			X		1st Analysis					2nd analysis	Testing completed									
				X		1st Analysis					2nd analysis									
					X				1st Analysis			2nd analysis								
Single plating method	<1116> ID required	X		1st Analysis					2nd analysis/ subculture colonies	Set up identification system	Identification obtained	Testing completed								
			X		1st Analysis					2nd analysis/ subculture colonies	Set up identification system	Identification obtained	Testing completed							
				X		1st Analysis					2nd analysis/ subculture colonies	Set up identification system	Identification obtained	Testing completed						
					X				1st Analysis			2nd analysis					Subculture	Set up identification system	Identification obtained	Testing completed
Single plating method	<797>	X		1st Analysis					2nd analysis/ subculture colonies	Set up identification system	Identification obtained	Testing completed								
			X		1st Analysis					2nd analysis/ subculture colonies	Set up identification system	Identification obtained	Testing completed							
				X		1st Analysis					2nd analysis/ subculture colonies	Set up identification system	Identification obtained	Testing completed						
					X				1st Analysis								2nd analysis/ subculture colonies	Set up identification system	Identification obtained	Testing completed
No sample submission for 797 - (unless a request for weekend analysis)
